MEDICINE PLANTS OF THE DESERT

Look at our plants from a pharmacological perspective. Examine, smell & compare actual specimens.

It's exciting to learn how these plants have been used for generations to heal & promote wellness. Make a soothing skin ointment!

MEDICINE PLANTS OF THE WORLD

If you enjoy learning about Medicine plants of the desert, you'll be enthralled once again with this expansion into medicine plants of the world. You'll come to realize why garlic is held in such high regard as a healing plant. Herbs from forests to wetlands are examined for their healing possibilities. Create beneficial herbal tea blends.

LORE OF GEMSTONES

Who doesn't love gemstones! The lore & mystery behind each of them is fascinating especially when you have the opportunity to compare both the rough and polished stones. Learn about the mines where each originated, then determine value based on carats, color and culture! A gem of an experience!

SLEUTHING FOSSILS

Dinosaurs are not the only fossils we love to discover! Dig into the past with this fascinating exploration of fossils from around the world. Get up close and personal with specimens usually seen in museums. Engage in a bit of discovery as you search out fossils on your own. Prepare and keep a fossil of your own. You'll be surprised how exciting it can be!

CLASSROOM KITS

DIGGING INTO SCIENCE

Our original classroom kit!

A Geology "dig" in a bucket! Screen for gemstones in authentic gem bearing gravel from across the United States. Kit

includes a gallon of "gemming dirt", 12 washing screens, specimen sets for 6 teams, instructions and lesson plans. Designed for a class of 25-30.

Grades 3-12

PRICE: \$95 REPLACEMENT BUCKETS: \$50

FIND-A-FOSSIL

Our most popular kit!

A paleontology experience in a bucket! Search for genuine fossils throughout our gallon bucket of "ore matrix" from Florida's *Bone Valley*. The kit

includes Cenozoic fossil

bearing phosphate ore matrix, 12 washing screens, instructions and lesson plans. For a class of 25-30. Grades K-6

PRICE: \$95 REPLACEMENT BUCKETS: \$50

WORLD

OF FOSSILS

Our advanced kit!

A simulated fossil excavation in a one gallon bucket! Over 100 genuine fossils covering all geologic eras, Paleozoic through Cenozoic, await to be uncovered by your class. Probe, excavate, identify and prepare this bucketful of the past. (packed in saw dust)

For a class of 25-30.

Grades 6-10.

PRICE: \$95

FOSSIL SAFARI

Designed for individual fossil lovers!

Enter into the world of professional paleontologists! Kits I & II provide a simulated experience in fossil preparation using 5 genuine fossils. Prepare with materials you can find at the grocery store.

All information included.

Grades 3-9

PRICE: \$25 for each kit, I or II

(5 different fossils per kit)

*Two exciting ways
to enjoy
Desert Eye
programs and
resources:*

Schedule A Program

We'll come to your location for ninety minutes (or up to three hours) to share our highly motivational and interactive experience with your audience. Each of the four programs is fun and exciting and affords individuals the opportunity to "make & take along". Program fees vary with type and length.

Purchase A Kit

Carry out science like real scientists! We have created unique kits which allow your students to enter into the world of the professional geologist and paleontologist. Each kit provides a class with a thrilling experience using fossils or gemstones...one they will never forget! Purchase one of our exciting "kits" so you can carry out the experience with your group whenever and wherever you like. Our kits are used by schools, camps and summer programs all over America.

Also sold through NASCO science
& NSTA Supplier's Guide.

ORDERING A KIT OR SCHEDULING A PROGRAM IS EASY!

Just give us a call.

Simply ask for the kit or program by name. We'll be happy to assist you with any questions you might have. When ordering kits, please have your name, school and purchase order number ready. Shipments are made via UPS. Shipping charges are based on weight & distance. Allow 7-10 days for delivery.

Programs can usually be scheduled 30 days in advance. Fees vary.
